4/I'm fighting for the defendents who are my brothers and sisters who cannot defend themselves adequetly in this CIVIL LAWSUIT because they don't know who their accusers are because these Jane and John Does have yet to muster the courage to put their names to their claims.

1/Great questions. When suing someone in America, the defendant has a right to know their accuser so they can defend themselves and the claims can be investigated adequately and thoroughly. You can't do that if your accuser stays in the dark. I'm inviting them into the light.

10/I'm fighting because being threatened by institutions that proprot to serve the public and stand for truth and justice, should never be something a person has to go through, but sadly we see it happening more and more.

13/I'm fighting because some of these Jane and John Does are straight up lying and I have more evidence than I can count to prove they are lying. Liars and crooks should not be allowed to use the legal system to get paid. Thats what jobs are for.
